*Instructor*

**KOMAL ASWANI**  
*IT Engineer*

Komal Aswani is an IT Engineering Graduate from Mumbai University by profession. She is very keen on learning new technologies. She has always been proficient and modest about her work. She is committed to whatever she undertakes as her job and gives the best one can expect. Komal is enthusiastic about technical languages like C, C++, python, etc. and has always focussed on the practical approach for learning them. Also, she possesses all the potential to inculcate programming ethics in Tech Aspirants.
